Key to Symbols

The symbols in this document are identified by their level of importance, as defined below. Read the following carefully before handling the product.

WARNING

Warnings must be followed carefully to avoid serious bodily injury.

CAUTION

Cautions must be observed to avoid minor injury to yourself, damage to your equipment, or loss of data.

Safety Precautions

WARNING:

Never attempt to repair this product yourself. Improper repair work can be dangerous.

Never disassemble or modify this product. Tampering with this product may result in injury, fire, or shock.

Do not allow foreign matter to fall into the equipment. Penetration by foreign objects may lead to fire.

Do not use aerosol sprayers containing flammable gas inside or around this product. Doing so may cause fire.

CAUTION:

Do not place heavy objects on this product. Never stand or lean on this product. It may cause breakage and possible injury.

Do not inflict a strong impact by dropping the unit or treating it roughly. A glass panel may break, and it may cause injury.

Do not place this product in high temperature or high humidity, and never allow condensation on this product.

Problems could occur such as malfunction or poor display quality.

The rotating angle of the display is limited by a stopper. Do not apply excess force to rotate it past the limit set by the stopper. Doing so may cause damage.

Take care when handling the display not to knock it because it has a built-in liquid crystal display.
